## DIGNITY DARE 1982

Nominated in the Chronicle's Saddle Horse Futurity Stake 1911, 1912 and 1913.

Combined stallion, Dark Mahogany Bay, 15-3 3-4; weight 1,200 pounds; is absolutely sound in every way. Kind disposition and colts easily handled. He has stepped eighth in 15-1-2 hitched to a sulky; is five galled; a great show horse wearing the blue tie ever since a yearling; at three years old wore 13 blues and 1 red out of 14 shows; as a harness horse and as a model is in a class to himself. He was never defeated except by two of his own colts, and has won in times of 23 head. His colts are all ways inside the money, and when developed make great saddlers and high priced three and five galloped show horses. Sixty five of his get at an average age of 2 1/2 years sold at an average price of \$611. He has never been defeated in a produce ring when shown with 4 to 18 of his get.

Think of such saddlers as he has sired; namely, Nettleton, Winsom, Prospect, the Jim Anderson mare, Hey Day, the Price Herring Mare, Toxle, Dare, London Dare, Dare All, White Foot, Prince Imperial and a host of others that have been sold from \$1,000 to \$1,600. Look at his record as a sire of saddlers and see what they can do.

**DIGNITY DARE**, got by Chester Dare No. 10, &c. 1st dam by Welchman 6567 A. T. H. R. he by Hysdyk's Hambletonian No. 10 A. T. H. R. will serve mares this season of 1911 at moderate prices in Hustonville at one low price of

**\$25 to insure a Living Colt.** Money due when colt comes of mare traded or removed, or bred to any other stock. A lien retained on all colts until paid for. Grass furnished at reasonable price for mares from a distance and must be settled for before removed. Breeding hours from 8 to 10 in the morning and 4 to 6 in the evening. Mares will receive my personal attention, but will not be responsible for accidents or escape. Will also at the same time and place stand my great breeding Mule Jack **PEYTON**.

so well known in the West End of Lincoln county, at \$10 for mares and \$20 for jennets, due when colt is parted with, or mare bred to any other stock. Peyton by Huff Dudder's Jack, he by Hubbers Hignolia and out of Jim Porter Jennet.

Peyton is fine with very large bone and foot, good neck and ear, good quarter, well mounted, 15 hands 1 inch high and admired by all who see him, and is said to be the best mule Jack in Lincoln county.

All are invited to come and see him. Phone in residence.

## THE WARFIELD

Trial 2:24 Trotting. Dark Bay Stallion, 16 hands; foaled August 1901, bred at Village Farm, East Aurora N. Y. First dam Naughty Girl by Hec American 23200, 4-year-old record 2:11 1-4, sire of Hatfield, 4 yr. record 2:07 3-4, American Belle 3 yr. record 2:12 1-4 and 18 others in 2:30 list; a son of Onward 411, record 2:25 1-4, sire of Onward Silver 2:05 1-4 and 150 others in the 2:30 list. Onward was sired by George Wilkes 219.

Second dam Duerma, bred by Mambrino King 1275, sire of 75 including Lady of the Manor 2:04 1-4, Lord Derby 2:05 3-4, heir at Law 2:05 3-4 6 others in 2:10.

3rd dam Dotlet, by Nutwood 604, the sire of 14 in the list.

4th dam, Topaz by Strathmore, 408, sire 90 in the list.

5th dam, Millard, by Albion, 6th dam Ned by Edwin Forest, 7th dam Lady Turner by Mambrino Chief 11.

The Warfield was bred to only 15 mares. He has 12 foals all headed plenty of style, size and substance and plenty of speed. The Warfield is a representative stallion in all the term implies. To say that he has size, substance and speed only in part emphasizes the qualities combined in this son of Dare Devil. He has them and they are such symmetrical character as to make him a stallion among many. His head and neck, body, feet and legs are perfect and when seen in connection with his bay color and great beauty are especially impressive. You should see this horse before breeding. You will say you never looked at a better one.

The Warfield is the only stallion that has 7 dams in the grand blood mare list. He has two Mambrino King crosses, two Mambrino Patches, two Mambrino Chiefs, one Chimes one Onward, one George Wilkes, one Electioneer, one Nutwood, one Strathmore, more trotting crosses than any stallion alive.

The Warfield is by Dare Devil, 2155 record 2:03. He by Mambrino King 1275 he by Mambrino Patchen, 58 he by Mambrino Chief 11. Dam Mercedes, by Chimes 5348, by Electioneer 125.

Dare Devil is a great winner. He won the championship at National Horse Show in 1898, class 4; first National Horse Show 1899, class 2; first National Horse Show 1899, class 10; championship National Horse Show 1900, class 2; first National Horse Show 1900, class 10; first National Horse Show 1902, class 3; reserve Boston Horse Show 1903, class 2; reserve Boston Horse Show 1903, class 7. He sired The Henu Ideal 2:15 1-2, (sire of Princess Helen 2:05 3-4) Devil's Daughter 2:19 3-4, Sarah Hamlin 2:19 1-4, Trifler 2:22 1-4, Dare Devil, Jr., 2:28 1-2. Will make the present season at our farm one mile from McKinney, Ky., at \$15 to insure a living colt.

**S. M. OWENS & SON,**  
McKinney, Ky.  
**BRIGHTMAN YOUNG.**

Will make the season of 1911 at my place near McKinney, Ky., at the low price of \$3.00 to insure a living colt. This Jack is 15 hands, fine style black with white points, fine style black bone and foot and has proved himself a great breeder. His colts have always brought the top prices. It will pay you to see this Jack before breeding your mares.

## Watzmann, 343

Watzmann, No. 343.—This splendid German Coach horse was foaled May 21st, 1903, by H. Hanenkamp, in Germany. He was imported by J. Crouch & Sons, of Lafayette, Indiana. He was sired by Eskimo, No. 1400. He is a very fine type of the German coach horse, and sold for \$3,000 three years ago. He will make the season at my place at Hustonville, at \$10 to insure a living colt.

At the same place I will also stand my fine trotting stallion Hummer, Jr., at \$10 to insure a living colt. His get have all been very fine road horses.

I will stand my several fine aces at \$12 for mares, no jennets. Money due on all these sires when mares are sold or traded.

## MANAGEMENT OF DAIRY BULL

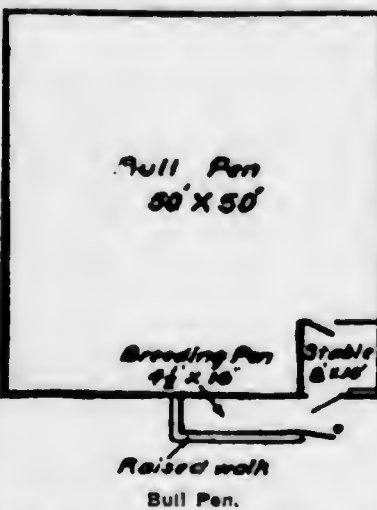

Practice of Allowing Animal to Run With Herd Has Serious Drawbacks—One Method.

On the majority of farms it is customary to allow the bull to run with the herd. This practice is open to serious objections. In the first place, a bull running with the herd is unsafe from the standpoint of human life. No bull is absolutely safe, he be ever so gentle. In fact, it is the "gentle" bull that usually kills, because fewer precautions are taken with animals of this kind than with those that show an ugly disposition. writes John Nichols, in Homestead. There is the annoyance and worry, especially for children and women, to have a bull run about. Hired men also complain about getting up the cows when there is a bull with them and who knows how many have quit their job because of the bull.

A very vital objection to running the bull with the cows is that it impairs the usefulness of the bull, due to excessive service. One service is sufficient and this can be had only when the bull is kept away from the cows. Again, it is difficult to tell when cows have conceived, which makes it impossible to know when the cows are due to calve, a matter of no small importance.

A further serious objection to running a bull with the herd is that many a valuable bull is disposed of to the butcher because he has become unmanageable with the herd. Most bulls are sold to the butcher before they have had a chance to demonstrate their value.

The question now arises, if the bull is not to run with the herd, how is he to be managed? There are several ways of doing this, but I wish to give here only one of them, one which I have used for a number of years and

found satisfactory in all respects. This consists of an inclosure with stable and breeding pen as shown in the accompanying illustration. The bull run in 50 feet square, including the stable, and is enclosed by a solid board fence 6 1/2 feet high. The boards are nailed onto 4 by 4's for the inside, which makes great stability. The breeding pen is also made solid by using inch boards and is 6 1/2 feet high. The cow is bred in this pen by tying her to the front end and then setting in the bull by opening the stable door. The latter closes the pen when opened as shown in the cut. The bull is fed through an opening in the stable. Water is supplied in the same way.

A board walk, about one foot wide and 2 1/2 feet high, is placed along the outside of the breeding pen. The attendant stands on this walk and drives the bull back into the stable after the cow has been served. For convenience of taking the bull out of the inclosure, a door is put into the front of the right-hand end of the breeding pen.

While a bull can be managed in a pen such as is here described without coming in contact with him, it is best to tend him out occasionally with a stick snapped into the ring of his nose. It is always well to keep a bull accustomed to being led with a stick.

## DEMOCRATIC TICKET.

For Circuit Judge.

HON. CHARLES A. HUBERT,  
of Mercer County

Hubert Vreeland says we are accounted by Spies because we said it served him right to have the republicans, with whom he was dealing in an effort to take Newnan a state fair secretaryship away from him, "double-cross" him. And he was never more mistaken in his life. Hubert's an awful nice fellow in every way, and we thought it too bad that a man who has attained the prominence which he has in democratic ranks—having served with distinction as State Commissioner of Agriculture—should be heralded as having been in league with the present republican officials, to take away a paltry office from a brother democrat. And then to have his republican allies hand him a large fat lemon, after he had thus compromised his democracy with them. Not spleen Hubert; you might call it ultra democracy—something you rarely find in politicians who come out of Louisville.

The Courier Journal continues to thunder for a democratic platform convention for the State primary on July 1. Don't pay too much attention to it, however, for the Courier Journal very probably won't play unless it is allowed to write the platform and what country democrat is willing to stand on certain planks it keeps in its lumber yard? And again, what assurance have we country boys that the Courier-Journal will support the nominees after they are made? Better look a leetle out.

Col. Walton in the Lexington Herald, says we "handed it" to Hubert Vreeland insaying that it served him right to have the republicans double-cross him after he had dealt with them in an effort to turn a good democrat out of the state fair secretaryship. Well now tell us Colonel, don't you think that looking at the matter from a Simon-pure democratic standpoint, it really did serve him right?

Ed Leigh heads a boost for his and Henry Hines, Candidate for governor in his Bowling Green Messenger; "Democracy affix for Judge Reed." Yes, and democracy in the shape of friends of the grand old warhorse of Madison, is going to hand the same Judge Reed a "hot one" about the first of July.

By all means let's oil the streets this summer. There is no effective way to lay the dust, but this and after the first two weeks' trial, everyone will be pleased.

With plans on foot for new courthouse, Harrodsburg now wants a federal building. Stanford has wanted one for some time, but that's as far as it's ever gotten.

## LARGELY PHONETIC.

The general manager had dictated a letter to the new stenographer—a most stately and straightforward blonde—and this same letter dealt largely with the "physical" condition of the line.

The general manager was marked up to play a foursome out at the country club that afternoon and the long continued lull in the click-click of the machine was getting on his nerves. So he sauntered over to the stately blonde's desk, where he found her poring earnestly over a pocket dictionary.

"Can I assist you, Miss Mayzie?" "Yes; sir, if you will be so kind that word 'physical', I've been over the A's and the B's three times, and yet I can't seem to locate it."

His Pool Purcell.

"Are you following the record?" "Yes, and if I ever catch up to them I'll quit."

## THE RECALL.

Senator Bailey's resignation (and the withdrawal of the resignation) has given to the initiative, referendum and recall more advertisement than the direct legislation league could have purchased with a million dollars, and advertisement is all these reforms need. As soon as the people understand them they will adopt them—shocking as this may seem to those who think that these reforms will destroy the institutions bequeathed by our fathers. As the recall is the reform least understood, and therefore most violently attacked, let us examine this method of dealing with officials.

There may be differences of opinion as to how many signatures should be required in order to invoke the recall, but that is merely a matter of detail. When the right of recall is admitted the percentage required to call an election can be fixed by agreement among those favoring the recall—and it will probably be a compromise between extreme views as to notice of election, time required for consideration and means used to inform the public. These also are matters of detail and do not affect the right itself. Such safeguards will be thrown around the use of the recall as experience may prove necessary. But as to the right of recall—two questions are raised:

First—have the voters a right to terminate the contract entered into, when the candidate accepted the office? This question cannot arise, if the candidate is elected after the adoption of the recall, because he will take the office subject to the right of the people to recall. But the question could not give much trouble any way, because provisions could be made, if necessary, for the salary to be paid for the unexpired term. If an official demonstrates his unfitness for an office the people can much better afford to pay him while not serving than to allow him to serve even without compensation.

The second question—the only real question in fact—is whether the recall so robs the official of independence as to injure the public service. This question admits of but one answer. Why should a public official be independent of the wishes of his constituents? It is an aristocratic—not a democratic—conception of representative government that contemplates that the representative will be independent of the wishes of his constituents. The democratic theory is that the people will think for themselves and select representatives to give expression to their thoughts. The moral and intellectual standard of the representative will not be lowered by an increased watchfulness on the part of the public. Banks have not lost anything in standing and character by the fact that they are now examined and may be closed without a moment's notice. On the contrary, the banking level has been raised and it will be raised still more when the law requires the bank to give absolute security to depositors, so officials will be better when the betrayal of trust—the embezzlement of power—is dealt with as a crime.

But if independence is the thing desired, is that not already menaced by frequent elections? If independence is necessary, how can we secure it except by life tenure? How can a congressman act independently if eleven months after the first regular sessions convenes his constituents may defeat him at the polls because of some vote he has cast or some speech he has made? In state and city the situation is the same. The recall naked for would be invoked when we now have in frequent elections acts as a restraint on all officials and acts constantly. How can we condemn the proposed recall as dangerous or destructive and at the same time approve of short official terms? And does not impeachment act as a restraint on independence? The regular election is a form of impeachment; it gives the people a chance to remove at stated times by refusing reelection. The recall simply goes a step farther and permits the voters to shorten the term, when in their judgment, the official has betrayed his trust. The fact is, that opposition to the recall is a rever-sion to aristocracy, plutocracy and monarchy. The objection rests upon a distrust of the capacity of the people, or upon a contempt for their rights because the people have a right to self-government and the capacity for self-government, and because the people are conscious of their right and confident of their capacity, they favor the recall—and will, in time secure it."—Bryan's Commoner.

Tom Rhea, of Russellville has announced his candidacy for Treasurer of the State. There's no better man in Kentucky than Tom Rhea, and if honored with the position to which he aspires, he is sure to make the old State a most excellent official.—Cads Record.

## Don Varrick

This magnificent bred young stallion will make the season of 1911 at my stable near Stanford, Ky., on the Shelby City pike at \$15 to insure a living colt. Don Varrick is 15-2 hands a beautiful chestnut, short hack heavy bone in fact the highest type of the trotter and perfect disposition. He is by the great Onward Silver 2:05 1/4, tint won the \$5,000 Transylvania in a seven heat race in 1902 and the same year won the \$10,000 Bonner Memorial and the M. and M. all in broken heats and add for \$21,000 and later for \$25,000. Don Varrick is bred exactly like Spanish Queen that won the \$5,000 Transylvania in 1908 making a record of 2:07 and was placed as one of the four, being one of the greatest money winners on the grand circuit in 1908.

Onward Silver is by Onward, one of the greatest and best sons of George Wilkes Onward's dam was the dam of Director, the sire of that great family of trotters and pacers. Don Varrick's 1st dam was by Wilkes Boy, by George Wilkes a full sister to The Way 2:15 1/4 and half sister to Madeline Patchen on the dam of Hubber 2:10, Winchester 2:19 3/4, Billy Wilton 2:20, and Miss H. 2:30 2nd dam Mary by Hogg's Grey Eagle the dam of The Way and Madeline Patchen.

Don Varrick's dam produced Dr. Conner, that placed a public half mile on the Lexington track at 16 months in 1:08 3/4 and sold to N. W. Hubber of New Haven for \$1,000 she also produced Maggie Igo, that trotted a mile on the same track at 16 months old in 1:11 and sold for \$500. Don Varrick is fast game and always on the trot, very rarely ever leaves his feet. In 6 weeks handling last fall he trotted a quarter on half mile track in 34 1/2. See, half in 1:10 and the mile in 2:27 1/2 on the outside of track. Please note, the rich inheritance of speed on both sides, not a missing link for generations. Bred to this fellow and you can't miss the four things every breeder looks for size, disposition, speed and looks. See him before booking your mare's season money due when mares are parted up or bred to another horse. Mares kept at 10 cents per day and all car taken, will not be responsible for accidents or escapes. Don Varrick is a 2:10 trotter if he had the proper handling.

CLIFTON AND RUSSELL. Clifton is a black jack with light points, 5-year-old last September, 13-2 hands high with a matchless head and ear, well set on a racy neck has plenty bone and substance and as a breeder he is not surpassed.

RUSSELL. Is a black jack with light points, 5-year-old last September, 13-2 hands high with a matchless head and ear, well set on a racy neck has plenty bone and substance and as a breeder he is not surpassed.

Is a black jack with light points, 5-year-old last August, full 15-3 1/4 hands high with as much finish and action as a horse and as a breeder he is the equal of any jack. Both of these jacks will serve mares at \$10 to insure a living colt. Trading the mares forfeits the insurance. Care will be taken to prevent accidents, but will not be responsible should any occur. Jennets will be cared for after June 1st, at \$20 to insure a living colt.

## Black Joe

The beautiful combined stallion Black Joe, will make the season of 1911 at our barn 1 1/2 miles north-west of Stanford, Ky., known as the J. H. McAllister place at \$12.50 to insure a living colt and will also give the season to the parties showing best and finest colts. Colts to be judged by disinterested parties in Stanford, Ky.

Black Joe is a beautiful black, fine and showy and all the style you are looking for, one of the finest saddle horses to be found in Central Kentucky. He is 15 hands 3 inches high five years old and a beauty. See him before booking your mares.

Black Joe is by the noted Preston 5:22, one of Kentucky's greatest and able stallions. Preston by Washington 54, Black Joe's dam Lurelle by Messenger Denmark, 2nd dam Little Robinson, by Robinson Vermont, by Hambletonian.

If you want to breed to one of the best horses in Lincoln county at a reasonable price see J. D. Eads and Son. All care will be taken to prevent accidents but not responsible should any occur. If mares are traded or parted with season is due, then is also retained on colts for season.

## MAJOR SHELBY

(W. P. Walton in Lexington Herald.)

The death of Major Isaac Shelby at Arcadia in Lincoln county, at the age of seventy-nine removes from the sphere of action one of the most pronounced types of the Colonel Sellers variety we have ever known. He spent fortunes in the elusive chase of greater ones. Crab Orchard Springs was his holy thirty or forty year ago, and he spent thousands of dollars in making it a resort to which he hoped visitors would flock from the South and elsewhere, but in vain.

Besides building many handsome cottages, he put over \$100,000 in one building at the springs which would do credit to any watering place. The property passed out of his hands years ago, and it has just sold for the second time for a little more than a tenth of what had been spent on it.

Major Shelby was a fine gentleman and a popular one, but his enthusiasm over any project always ran away with quiet judgment and left him in the lurch. He was the grandson of the first Governor of Kentucky, for whom he was named, and he had a son of the same name and for years the line of Isaac Shelby was known by numbers down to the fifth. Major Shelby wore the gray with valor during the Civil war and strove with all his might afterwards.

Naty and Germany. Italy's colonies equal twice her own size, and those of Germany equal five times her size.

A Mexico Missouri paper says C. L. Dudderar, of Stanford Ky., was in Mexico, this week in the interest of the Saddle and Show Horse Chronicle.

Dr. Dudderar received a cordial reception at the hands of the local horsemen who recognized the worth of the splendid publication he represents.

The owners of saddle stallions in this vicinity have, most all nominated their stallions in the Chronicle's saddle horse futurity stake. All full list of the Missouri horse nominated in this like event will appear in the Intelligence of next week.

Sinks and Cady, of Columbus, Ga., bought three horses at Crab Orchard last week. They paid J. C. Bailey \$225 for one, got one from Mr. Peters for \$500 and one from Mr. Smith at \$25.

## WOMAN ESCAPES OPERATION

Was Cured by Lydia E. Pinkham's Vegetable Compound

Elwood, Ind.—"Your remedies have cured me and I have only taken six bottles of Lydia E. Pinkham's Vegetable Compound. I was sick three months and could not walk. I suffered all the time. The doctors said I could not get well without an operation, for I could hardly stand the pains in my sides, especially my right one, and down my right leg. I began to feel better when I had taken only one bottle of Compound, but kept on as I was afraid to stop too soon."—Mrs. SAIDE MULLINS, 2728 N. R. St., Elwood, Ind.

Why will women take chances with an operation or drug out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, indigestion, nervousness, irregularities, periodic pains, backache, indigestion, and nervous prostration.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Mrs. Pinkham at Lynn, Mass., for advice. Your letter will be absolutely confidential, and the advice free.

**JUNCTION CITY**

Mrs. D. B. Fox Sr., attended the Y. M. C. A. Convention in Danville last week. She was the guest of Mrs.

Henry Lawnman.

Mr. Williams Jones' residence and smokehouse burned down Wednesday night of last week, about supper time. The night was extremely cold, and they were over a half mile from any white neighbors. They stayed at Mr. Jesse Griggs Wednesday night and are now at Mr. Mr. James Shearin's. Mr. Jones' loss was total, but he will soon rebuild. He had just about finished paying for his place of 160 acres a part of the Lowell farm.

Mr. William Silcox helped Capt. B. W. Durham clerk in his grocery the past week while Mr. George Durham was so sick.

Mrs. Samuel Armstrong aged 75 died Wednesday. She leaves an aged husband and a daughter, Mrs. Tom Cosby.

Elder Roberts, of the Methodist church, held quarterly services and communion services at the Methodist church here Sunday.

Two ladies of the Baptist church will give a Missionary Italy at the Baptist church Sunday March 26, between 11 and 12 A. M.

The Ladies Aid of the Christian church will hold a Birthday Social at Mrs. H. C. Catron's residence Friday night March 31st for the benefit of the church. Everybody bring a penny for each year of his age.

Aunt Margaret Brown, colored, residence burned down Tuesday morning after breakfast. Lost most everything.

Mr. and Mrs. R. L. Kelley are visiting relatives at Maywood.

Mr. Thompson Hughes has secured a job of work in the C. S. R. R. tower at Danville.

**A HOPEFUL MESSAGE TO SCALP SUFFERERS AND MEN WHO'S HAIR IS THINNING**  
Dandruff now—bold later. The same is true of scalp diseases. In fact baldness is a scalp disease. The trouble with the greasy salves and lotions, the so-called dandruff and scalp cures you have tried so far is that they don't do anything but temporarily relieve the

aching and make the dandruff so it doesn't fall until it's dried out again. Nothing can cure—really cure such troubles but a real scalp medicine that will kill the germs causing dandruff and scalp disease.

Learning from leading fellow druggists throughout America that they had found a whirling cure for dandruff, eczema and all diseases of the skin and scalp the Penny Drug Store on proving to the laboratories compounding the treatment that it is the most prominent drug store in this city secured the agency for the remedy. This remedy ZEMO the clean liquid preparation that kills the germ of disease and ZEMO SOAP to wash the scalp or skin clear and clean of the dandruff or scale and by its antiseptic qualities soothe and heal.

Sold and guaranteed by druggists everywhere and in Sanford by G. L. Penny.

**MT. VERNON.**

Dr. E. J. Brown was down from Sanford Sunday to see Judge Lair.

Mr. and Mrs. O. F. Wallin visited Mr. Wallin's parents near Cran Orchard first of the week. Mrs. John Thomas, Rey and Walter Robins, of Brookhead were the guests of Mr. and Mrs. F. L. Durham yesterday. Maj. and Mrs. W. A. Miller, of Washington, D. C. after a visit of several days with the family of N. J. Sparks, left Wednesday for Asheville, N. C. Maj Miller has been in the U. S. service for over 40 years.—Signal.

## SUFFERED 23 YEARS

Constant Sufferer From Chronic Catarrh Relieved by Peruna.

Mrs. J. H. Bourland, San Saba, Texas, writes:

"For twenty-three years I was a constant sufferer from chronic catarrh. I had a severe misery and burning in the top of my head. There was almost a continual dropping of mucus into my throat, which caused frequent expectoration. My entire system gradually became involved, and my condition grew worse. I had an incessant cough and frequent attacks of bilious colic, from which it seemed I could not recover. My bowels also became affected, causing alarming attacks of hemorrhages. I tried many remedies, which gave only temporary relief or no relief at all. At last I tried Peruna, and in three days I was relieved of the bowel derangement. After using five bottles I was entirely cured. I most cheerfully recommend the use of Peruna to any one similarly afflicted."

Mrs. J. H. Bourland.

### The Name Quaker.

A London writer says that the name Quaker "sprang from the lips of a local Justice Shallow." This man was one Bennett of Derby. The name was a joke at George Fox, who once declared in the justice's court that all ought to "quake" at hearing the name of God. The Society of Friends originally called themselves "Seekers" a more beautiful and also more obvious but much less picturesque term.

### A COLD, LA GRIPPE, THEN PNEUMONIA

Is too often the fatal sequence. Foley's Kidney and Bladder Remedy checks the la grippe, and prevents pneumonia. It is a prompt and reliable cough medicine that contains no narcotics. It is as safe for your children as yourself. Shugars and Tanner.

### ATTENTION HOUSE KEEPERS.

Don't worry over your bill of fare for Sunday, out go to market Saturday April 1st and get cakes, salads, chicken, bread etc., which the ladies of the Christian church will have on sale at the store room next door to Sam Robinson. Sale begins promptly at 9 o'clock.

### TO TRAVELERS.

I am the agent in this section for the Great American Steamship line to all European points. See me, when you think of traveling. W. LANDGRAF, Waynesburg, Ky.

### NOTICE OF DISSOLUTION.

The Hustonville Roller Mill Company a corporation under the laws of state of Kentucky, doing business in the town of Hustonville, Kentucky, is now closing up its business as a corporation. All persons having claims against it will present them for payment. L. T. Young Sec. & Treas. 228

### Public Sale

TERMS.—All sums under \$10, cash \$10 and over, cash or bankable note. MURPHY & ACTON, King's Mountain, Ky.

### SUCCESS.

The man who succeeds above his fellows is the one who early in life clearly discerns his object and toward that object habitually directs his powers. Thus indeed even genius itself is but fine observation strengthened by fixity of purpose. Every man who observes vigilantly and resolves steadfastly grows unconsciously into genius.—Bulwer-Lytton.

### FOLEY'S KIDNEY PILLS

Neutralize and remove the poisons that cause backache, rheumatism, nervousness and all kidney and bladder irregularities. They build up and restore the natural action of these vital organs. Shugars and Tanner.

### Retention of Heat.

In human beings the skin is the principal means of heat loss, being responsible for the loss of 87.5 per cent of the total heat lost. This is not so in some animals—the dog, for instance, whose hairy coat does not permit its skin to perspire. The dog loses heat largely by its expired air and by the radiation and evaporation of water from its tongue; thus it pants and puts out its tongue on a hot day. Obviously our clothes prevent the loss of heat, and the more effectively as they are bad conductors of heat. For this reason flannel, wool and furs are so much "warmer" than linen or cotton, materials from the vegetable kingdom and therefore not the natural clothing of animals.

### WARNING TO RAILROAD MEN

Look out for severe and even dangerous kidney and bladder trouble resulting from years of railroad travel.

Re. Bell 649 Third St., Fort Wayne, Ind., was many years a conductor on the Nickel Plate. He says: "Twenty years of railroad travel left my kidneys in a terrible condition. There was a constant pain across my back and hips and my kidneys gave me such distress and the action of my bladder was frequent and most painful. I got a supply of Foley's Kidney Pills and the first bottle made a wonderful improvement and four bottles cured me completely. Since being cured I have recommended Foley's Kidney Pills to many of my railroad friends. Shugars and Tanner."

### Four Great Musicians.

Palestrina was a revolutionist in his day, but is now virtually obsolete even for the severest classicists. Gluck was as radical an innovator as Wagner, yet it is only occasionally and with difficulty that one of his works can now be briefly resuscitated. Beethoven was a madman even to many of the best musicians as late as 1865, when, as that musical veteran, Professor Haupt, himself said the "Fifth Symphony" was rehearsed in Berlin for the first time and the orchestra dashed the music from the racks, declaring it was crazy and could never be played. Now this same "Fifth Symphony" is considered a model of form, and its composer is the cherished idol of conservatives and classicists.

### A Social Medicine For Kidney, All Men's.

Many elderly people have found in Foley's Kidney Remedy a quick relief and permanent benefit from kidney and bladder ailments and from annoying urinary irregularities due to advancing years. Isaac N. Regan, Farmer, Mo., says: "Foley's Kidney Remedy effected a complete cure in my case and I want others to know of it. Shugars and Tanner."

## Can't Work

When you feel that you can hardly drag through your daily work, and are tired, discouraged and miserable, take Cardui, the woman's tonic.

Cardui is prepared for the purpose of helping women to regain their strength and health.

Not by dishing with strong drugs, but by the gentle, tonic action, of pure vegetable herbs.

## Take CARDUI

### The Woman's Tonic

Mrs. L. N. Nicholson, of Shook, Mo., writes: "Before I began to take Cardui, I was unable to do any work. I have taken 5 bottles and have improved very much. I can do the most of my household work now."

"I can't say too much for Cardui, it has done so much for me." Your druggist sells Cardui. Get a bottle today.

## Attention Poultry Raisers

## Sick Fowls Don't Pay, Droopy Hens Won't Lay.

WHY LOSE YOUR FOWLS? Why take chances against disease? A few drops of Bourbon Poultry Cure in the water keeps fowls strong, vigorous and thrifty, protects them against disease and puts them in prime condition for egg-laying. It is the only remedy that can be depended upon to cure roup, Cholera and Gapes simply because it destroys the germs which cause these diseases. One 50 cent bottle makes 12 gallons of medicine. Every Poultry raiser should keep a bottle of this medicine on hand.

OUR BOOKLET ON "DISEASE OF FOWLS CAUSE, SYMPTOMS AND TREATMENT," IS FREE. ASK YOUR DRUGGIST FOR IT.

Please read me by express two quarts of Bourbon Poultry Cure. No one who is an up-to-date poultry raiser can afford to be without this valuable medicine. It does all you claim and more. I take pleasure in recommending it as the best poultry remedy I ever saw. It it working like magic in this county. My friends who are using it say they never saw anything like it. People call me over the phone and say, "My sick, what must I do?" I tell them to use Bourbon Poultry Cure, and in a few days they call me and say their birds are sound and well. I have a great many B. P. Hock chickens and 125 of the finest M. B. turkeys in the State. I use this remedy and never have a sick fowl. It gives them strength and vitality and makes their plumage bright and glossy. See my exhibit at the next state fair.—Mrs. J. D. Cox, Lawrenceburg, Ky.

NOTE.—Mrs. Cox was awarded first prize to the best exhibitor at Kentucky State Fair and first prize for best hen at the Grass Poultry Show.

Every year I have been losing from 75 to 100 chickens from gapes, and I had about concluded not to try raising any more. I got a bottle of Bourbon Poultry Cure, and used it according to directions, only a little more freely, as mine was a case of years of infection. Now I have 200 chicks, all thrifty and growing nicely, and not a "gapey" one among them, in spite of the fact that they have free access to a big wood yard, which is a breeding place for the pests.—Mrs. Jennie H. Stevens, Lynchburg, Va.

Last year we lost an entire hatch from white diarrhoea; this year we have used Bourbon Poultry Cure in their drinking water continually and have not lost any. We highly recommend it to be all you claim for it, and we attribute our success to the use of it.—W. E. Johnson & Son, Lexington, Ky.

NOTE.—This firm won first prize and color special for cockerel and gold medal for best bird in show at Missouri State Poultry Show.

I have been raising chickens for nearly fifty years and Bourbon Poultry Cure is the most satisfactory remedy for cholera and gapes that I have ever used.—Mrs. W. W. Ralston, Hopkinsville, Ky.

For turkeys and chickens Bourbon Poultry Cure does all that you claim for it. If you have no agents at Kanawha City, I would like to take a hundred samples with me and distribute them among the large breeders.—S. A. Havens, Shelbyville, Ind.

NOTE.—Mr. Havens was awarded twenty six ribbons on his fowls, including first prize for best gobbler, at Missouri State Poultry Show.

I feel it my duty to give my testimony in regard to Bourbon Poultry Cure. I bought some turkeys that were affected with cholera and roup, and I used it and did not lose a single bird in my flock. I think it is the best poultry remedy I know of. You are privileged to use my name to the public or to your customers. I have been raising poultry for many years, and have used many remedies of different kinds, and Bourbon Poultry Cure is the best remedy I ever used.—Mrs. Sallie Compton, Perryville, Ky.

We have hundreds of testimonials like these, in our circulars and booklets. The remedy does the work of three prominent poultry raisers wouldn't say so. They wouldn't buy it, and then he about it if it failed. Try and see for yourself what it will do for your fowls.
